

NEW!

WAFER CHECK VALVES FEATURING 316 STAINLESS STEEL CLAPPER-ARM ASSEMBLY

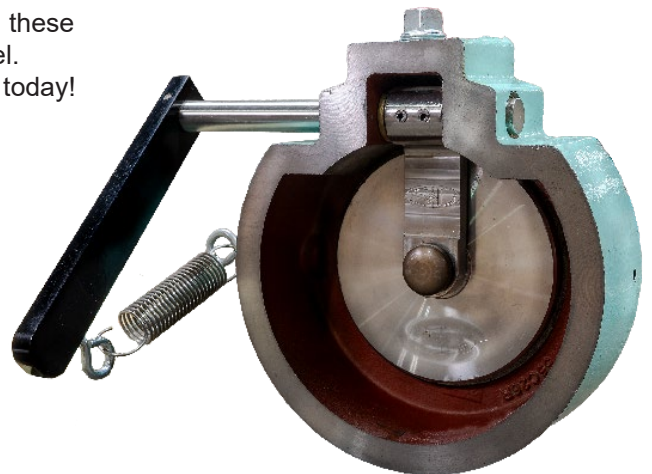

Introducing the NEW complete line of Smith & Loveless® 316 Stainless Steel Clapper-Arm Assembly Wafer Check Valves.

UPGRADE YOUR PUMP STATION TO THE NEW 316 SST WAFER CHECK VALVE

Experiencing premature wear from brackish water, chemical attack, or other corrosive wastewater, the new 316 SST Wafer Check Valve product line is here to help! Featuring stainless steel clapper-arm assembly and shaft, these wafer check valves can easily be swapped with the original brass model. Contact parts at **1-800-922-9048** with your serial number to get started today!

Standard Body 316 Stainless Steel Wafer Check Valves

PART#	SIZE	LH/RH	DESCRIPTION
56B49A	4"	LH	316 SST Wafer Check Valve
56B49B	4"	RH	316 SST Wafer Check Valve
56B50A	6"	LH	316 SST Wafer Check Valve
